Have you ever wondered why you, in your uniqueness, are on the Face of the Earth or simply wondered:  
**What's my purpose?**

Or have you ever wanted to help someone discover their core purpose for being?

These two workshops are designed to help you discover your purpose and to develop the skills to help others to discover their purpose.

"At the heart of all missional transformation is an awareness and understanding of who we are as children of God sent into the world. Join with others across the Diocese as we continue to talk about and live into a new way of being in the world as individuals and as communities of faith.

In my work with Rob Voyle, I have not only discovered my purpose, I have come to believe that living centered in that purpose helps simplify the complexities of my life and work. Discovering my purpose caused a radical shift in how I see and present myself in the world and if truth be told, it is in discovering my core purpose that I became a passionate disciple of Jesus."
