NINTH ANNUAL ADDRESS
OF THE RIGHT REVEREND
LELAND STARK, D. D.
BISHOP OF NEWARK

My fellow-workers in Christ:

"Grace be unto you and peace from God our Father and from the Lord Jesus Christ!"

There is always an 'embarrassment of riches' as far as the subject matter of my annual address is concerned, but inasmuch as this Convention is the governing body of the Diocese and we meet together for but a single day once a year, I feel I must confine myself to the one large topic that is the heaviest concern upon my mind and heart and which, accordingly, I want to share with you. It has to do with the mission of the Episcopal Church in this Diocese, and while I cannot speak of every aspect of that mission, I want to bring before you the needs and opportunities for the extension and growth of our Church in two general areas. Having presented these, I would then like for us to take counsel together as to what we should do about them.

I.

First, I want to discuss with you the mission of our Church on the urban scene.

The Census Bureau recently called New Jersey the most urban state in the Union, and ours is certainly an urban diocese. The density of the civil population in our Diocese is 1560 persons per square mile as against 800 for the whole state, and that density is exceeded only by that of the Diocese of Long Island.

By my own somewhat arbitrary but I think fairly accurate definition, I would place sixty-five of our 148 churches in urban areas, and of these sixty-five churches a fairly large percentage are in depressed areas and many of them are in real difficulties, financially and otherwise. Thirty-three of these sixty-five urban churches feel unable to pay their full missionary quotas.

In order, however, that we might have as accurate a picture of our urban problem as possible, we must not make the mistake of equating urban work with only work in depressed areas of our cities. While to be sure we do have an unusually high percentage of churches in such depressed areas, many of our city churches are also to be found in normal, residential areas, and what they do with the people in their neighborhoods is urban work also. Many of us believe that cities represent great missionary opportunities for this beloved Church of ours, opportunities that are to be found not only in depressed areas teeming with people but also in the more normal residential areas where boys and girls and men and women outside the boundaries of any Church are likewise in need of being brought to Jesus Christ and incorporated into the fullness of His Body.

But traditional methods of evangelism are not always effective in the urban areas, and we find there is often need for imaginative experimentation. Whereas in a suburban area of rapid growth if we buy land, put in

an effective parson, and help with the building of proper facilities, which normally is the most difficult single problem, we can be reasonably sure, as I shall show presently, that the new mission will grow. The situation in the city, however is different; the buildings are usually adequate in size although they may need rehabilitation. Hence frequently the greatest need on the urban scene is for personnel and program. The pastoral demands made upon the priest are often greater and more time-consuming. Consider, for instance, the care and time a parson must give to a single Puerto Rican family speaking little if any English who need to be shepherded into the presence of often callous officials for relief or unemployment insurance or housing.

Because it is true that programs for church work in our cities often need to be imaginative and experimental, we have to be patient and understanding if an experiment fails. On the other hand, we need to be boldly critical of them too so that if in the course of time some particular program does not give evidence of bringing boys and girls and men and women out of the unchurched masses and into a saving relationship with Jesus Christ in the life of His Church, then we must be equally bold in our reappraisals.

Those of you who were at Convention a year ago will surely remember the eloquent and dramatic way in which the needs and opportunities of our Church in urban areas were presented then, and you will recall that your response took the unusual form of directing the Department of Urban Work to tell the story of these needs and opportunities, and empowered the Department to raise funds throughout the Diocese toward meeting them. That story is now being told by a number of dedicated clergy and laymen. The response has been heartening, and I daresay that the people of the Diocese at large are more aware of the city church with its unique problems and opportunities than ever before.

I express my gratitude to these folk for bringing this matter so forcibly before our people. To be sure, so I am told, sometimes the impression is left that the Diocese is at present doing nothing; that is a false impression, which in all fairness ought to be dispelled. For the Department of Missions is presently subsidizing work in thirteen urban missions and aided parishes to the extent of over \$49,000, an amount greater than what is being spent in either the suburban or the town-and-country areas of the Diocese. Additional thousands that go into urban work come from sources not included in that figure. There may be differences of opinion as to where the money should be specifically spent and as to whether these sums are being expended with the maximum effectiveness, but the likelihood is there will always be such differences. Nevertheless, the Department of Missions always stands ready to review the matter.

There are many other aspects of the Church's mission to the city that I should like to cover but cannot take time for at the moment. Suffice it to say in summary of my first point on the mission of the Church to the city: in the name of Christ and His Church, we do need an expanded program. But let us be honest with ourselves; the cost of such an expanded program is beyond the scope of the regular budget and beyond the gifts which particularly interested clergy and laity are able to solicit.

As the governing body of this Diocese, this Convention today must come to one of two conclusions: either we continue to bump along at our present pace, or we must look for other ways and means of accelerating.

II.

Second, I would like now to turn to the mission of our Church in the more rapidly growing areas of the Diocese.

Though our Diocese is small geographically (only 2008 square miles), the 1960 census listed the population within it to be about 3,120,000. That was two years ago; since then that figure has grown and will continue to grow until by 1985, so the experts tell us, that 1960 figure of 3,120,000 will have increased 37½% to about 4,300,000. If the present ratio of one Episcopalian for every thirty-two persons were to hold — although it is your business and mine, under God, to see that the ratio goes down — that would mean at least 37,000 more Episcopalians in this Diocese.

Most of this increase is taking place in the suburban and town-and-country areas of the Diocese, and opportunities for the growth of our Church are not only upon us now but will also continue with us year by year. More clergy, expansion of present facilities, new land purchases, new missions to be organized: these are all involved.

Well, at this point let us take stock of our present resources to see what we can do about this good problem.

To begin with, we have fine human resources. The dedication of our clergy is such that they are usually the first to bring an area of promising growth to the attention of the Department of Missions and are ready and willing to urge their people to transfer to a new mission if it be established. And we can always count on equally dedicated and able laymen to support new work with their prayers and service and substance and often with their muscles too. The Lord has richly blessed us with fine human resources.

As to financial resources, we have the temporary use of the \$100,000 Conference and Retreat Center Fund, which remains intact from our Episcopal Advance Fund campaign of 1956. At that time we were merely hoping that that \$100,000 would be the start of a fund to purchase property, but now I can happily and gratefully report to you (although I am not at liberty to disclose any details) that ultimately the Diocese will receive a most attractive and valuable property that can be beautifully adapted to the purposes of a Conference and Retreat Center. Eventually the \$100,000 will go toward that adaptation and toward maintenance of the property, but in the meantime the Diocesan Council has made that sum available to the Episcopal Capital Loan Fund Committee. This therefore is only a temporary resource.

A permanent resource, however, is the Episcopal Capital Loan Fund itself. This is the loaning fund of \$750,000 which remains from the Episcopal Advance Fund of 1956, and what a marvelous resource this is! Since its inception less than six years ago, it has helped build fifteen churches (several all-purpose buildings are included in this category), nineteen parish houses and educational buildings, and fourteen other building projects. With loans going out and payments coming in, the Fund has 'revolved' to the point that nearly \$1,400,000 has been loaned from it. I hope someday the Episcopal Capital Loan Fund can be further extended and that it will become the target of gifts and bequests.

But while we are grateful for what resources we do have, I must also express grave concern over the lack of certain other resources.

The Grant Fund of \$550,000 from the Episcopal Advance Fund campaign of 1956 has now been entirely exhausted. I for one do not in the least regret the fact that it is gone because I know how much good those grants have done, for they stimulated about two-and-a-half million dollars in church construction, the people themselves in their respective churches shouldering the difference. Those grants enabled us to go into growing communities with real strength, and the subsequent growth that has taken place in those churches has more than justified those grants.

I cite specifically the sixteen missions that were the chief recipients of EAF grants and loans, where major construction projects have been completed or are now underway. In 1955 (before EAF) their combined communicant strength was 2711; at the beginning of this year it was 5195. In 1955 their combined baptized membership was 6418; now it is 10,437. In 1955 these missions presented 160 for confirmation; in their last classes they presented 376. Since 1955 four of these sixteen missions have become self-supporting, one of them (St. Mark's, Teaneck) having come into union with this Convention this morning as a parish. Without help from the EAF Grant Fund, this substantial and solid growth would have been impossible.

And they are of course continuing to grow, and while their debt load is heavy and many of these places face imperturbably the prospect of further costly construction, the day is already in sight when they will take their places among the large, mature parishes of the Diocese.

Time was when starting a new mission meant little more than buying two lots and putting up a small frame church, but not any more! Now the beginning of a new mission involves buying at least five acres of choice land, and hopefully, giving the people some substantial capital help to begin building, for the quicker adequate facilities can be built, the faster a new place will grow.

Every year ought to see the beginning of one or two or even three new missions. The recently completed Diocesan Survey urged us to buy land in at least eight places as soon as possible and then be prepared to continue to buy up land from time to time in promising areas while it is available and relatively inexpensive. Oh what wisdom — indeed, the wisdom of Rome! — this would be if only we had the resources! But not only that. We should be starting two new missions as soon as possible, assigning a parson to each, and there is a field of three churches now served by one man that ought to be divided.

These are of course only immediate needs, typical of the kind of advance we should be making almost as a matter of course year after year if we really believe in the mission of our Church.

But over against these needs, what capital resources do we have? We have every year \$13,000 to \$14,000, which represents the interest on loans from the Episcopal Capital Loan Fund, which is turned over to the Department of Missions for capital needs. There is \$12,000 for advance work in the budget of the Department of Missions for this year and an asking of \$25,000 in the budget for next year. And that just about tells the story.

Obviously the capital resources needed for advance work are simply not here, nor can they be found within the limitations of the regular budget. Just as I said to you when I concluded the section on the needs and opportunities in the urban areas, so I say again that today this Con-

vention, the governing body of this Diocese, must come to one of two conclusions: either missionary expansion in the growing areas of this Diocese grinds to a halt, or we look for ways and means of accelerating it.

III.

I believe I know what your answer will be. Of course you want the mission of the church to go forward aggressively not only in the urban, suburban, and town-and-country areas but in other aspects of our Diocesan life as well, and at this point I bring forward informally a proposal that your Diocesan Council will presently make to this Convention. In fact, what I have been saying to you today is in effect an expanded exposition on the Statement and Resolution which will formally be presented soon.

I read you a paragraph from this Statement:

The Diocesan Council, particularly at the behest of the Department of Missions and of Urban Work, has come at length to the unanimous conviction that some kind of capital funds appeal must be made within the next two years. The Diocesan Council is not prepared at this time to submit a detailed proposal or even the scope of such a plan but asks that Convention take cognizance of the problem and direct that the Bishops and Diocesan Council study it further and report to the next Convention with a specific proposal for consideration and decision.

To put it another way, today your Bishops and your Council are asking you to assent to the principle of some kind of capital funds appeal, probably for the spring of 1964. The Council is not prepared at this time to say what kind of capital funds appeal this should be.

It could take the form of another major campaign like the first Episcopal Advance Fund campaign in 1936.

It could take the form of an annual diocesan-wide Whitsunday offering with a goal, say, of \$125,000 per year.

It could take the form of an annual, substantial increase in the regular missionary quotas of the churches.

It could take the form of a "junior-size" EAF with a goal, say, of \$600,000 to be repeated every 5 years, with a quota assigned to each parish and mission and each church given a flexible time schedule to raise its share in whatever way it wishes.

Or it could take some other form. In any case, your Bishops and your Diocesan Council hope you will direct us to make a study of the needs I have outlined and come back next year with a specific proposal for you to act upon.

Last week I made an evening confirmation visitation in a medium-sized parish that included the Holy Communion, Confirmation, sermon, a buffet supper, and then an informal conference with the rector and vestry. The talk turned to problems of the Diocese, and I remarked rather apologetically, "I'm afraid we'll have to have another capital funds appeal."

"Why are you afraid, Bishop?" one of the laymen asked quickly.

I was a bit taken aback. "Well," I replied, "I don't like the connota-

tion I have in people's minds as a money-raising bishop."

"What's wrong with that?" asked another. "You need it to run the Diocese and to extend the work of the Church, don't you? Go after it! We'll help you."

I came away from that informal meeting mightily heartened. They have their own local financial problems, but if this kind of will and spirit prevails there and here in this Convention and everywhere in the Diocese, thanks be to God, there will be only one way to go: forward in the name of the Lord!

FOURTH ANNUAL
CONVENTION ADDRESS OF
RT. REV. DONALD MAC ADIE, D.D.
SUFFRAGAN BISHOP OF NEWARK - 1962

From time to time I have heard it stated that the usual answer of bishops to any question or issue is best described by a "yes and no". Honest confession prompts me to admit that I have joined in this description myself on occasion. This assumed tradition about bishops has been greatly overdone, however. In my experience bishops have more frequently startled clergy and laity by a strong and unequivocal yes or no — and not both at the same time. However, today I would speak of our Diocese and some of its ministry and function as a Diocese. Therefore I must say yes at some points and no at other points. After all, the late vogue of only "thinking positively" did not cover all of the validities of the human mind.

My text, if I should have one, would not be from the Bible nor from the revered Church fathers. It is a final paragraph from a secular source — the Easter editorial in Life. I quote: "For Christians the same God whose service being 'perfect freedom' has cradled modern science and inspired great artists still rules the expanding universe and its fate. As His rule is freshly attested each Easter by His greatest miracle, let us joyfully accept our human responsibility to know and honor all His works with our best tools; to explore and to assist in His continuing work of creation; to reconcile our divergent partial insights in the harmony of faith." I repeat the phrase, "to know and honor Him with our best tools." Is it not our solemn obligation as individuals, as parishes, and as a Diocese to honor and to love Him with the best of our heart, soul, and mind? Jesus believed and lived this creed.

How then does the Diocese of Newark meet this test of Jesus which is reiterated in the secular press? During the course of the Church year I seem to hear and sense some answers. Some would say that we do not measure up to this standard. At times of temporary weariness and certain frustrations some of us, you and I, have expressed thoughts which in our later and calmer moments we have recognized as being exaggerated even though possessing a kernel of truth. Other answers have come from sincere and deep reflection and have had real validity and challenge. These responses have been born of a healthy and truly Christian "divine discontent," and a sensitivity that we stand daily under divine judgment. Therefore, as individuals, as congregations, and as a Diocese, it is incumbent upon us to make certain answers to God. We must justify our existence by offering our best tools of heart, mind, soul and body. Our position may at times be uncomfortable, but its relationship to God, day in and day out, is inescapable. How do we, or how do we fail to, advance the cause and person of Jesus Christ in the areas committed to us by His Church? This is, or should be, our daily question and part of our daily prayers. And may I emphasize that the answer must come from not only bishops, but from clergy and from laity, from departments, institutions, agencies, and committees as they dare to wear the label of Christ's people.

When an institution becomes sizeable with many arms and areas of endeavor it becomes increasingly easy to point out the weak spots. If this is done from a constructive and dedicated viewpoint, it is to be heard, encouraged, considered, and acted upon. From such consecrated

and devoted initiative have come most of the advances of the past. The Diocese is all of us plus, and the plus is the part we dare not forget — for it is God, and God in Christ. Therefore, in the power of His Holy Spirit, we must endeavor to offer our best and not our second best. If our humanly devised parochial or Diocesan structures are archaic and useless in spots, let us face these facts — if they are facts. If our combined judgments are not in accord with the test of Jesus Christ, let us say so in love. If our faith lacks the daring and willingness to be venturesome, let us decide to live dangerously, as did the Master. All we can lose is ourselves, even as He did; all we can lose is the man-made parts of the Church as we now know it. If in losing these we advance the Kingdom of God on earth, then so be it — this is our Christian goal. This is what we are here for. This became our accepted pattern of life when we accepted Him who gave Himself that we might live.

So, my friends, when we made assessment of the role of our Diocese, our congregations, and ourselves, let it be from the positive motivation of the spirit of Jesus and not from the frustrations of defeatism. I could say, and do, that the Diocese of Newark is one of the stronger dioceses of our Church. Statistically, and otherwise, I believe I could prove this to be true. We may be glad of this but, of course, this is not the right norm for judgment. The true norm had better be our attempt to answer a question, "How can our Diocese be a more effective vehicle for Christ than it now is?" Or in the language of the market place, "Are we using our potential strength to the best advantage?" Incidentally, this question poses itself to the individual priest or layman as well as to the somewhat complex entity known as a Diocese.

If I were making a college pep talk I could honestly point out many areas of effective ministry in our Diocese. Although we go to bed at times feeling frustrated, let us not forget a prayer of thanksgiving for this ministry. The day by day ministry of our clergy would occupy a large part of this thanksgiving, quickly followed by an appreciation of the consecrated life and work of so many lay people. It is principally at these levels that our effectiveness is most deeply felt. In spite of some evident weaknesses, I also can reflect with appreciation upon the ministry expressed through our departments, agencies, institutions, and committees. We, myself included, are prone at times to dwell upon the weaknesses and fail to appreciate the strengths of these ministries which are the result of clerical and lay participation. In this framework, then, and not as a process of pulling pieces from the Body of Christ, I would mention but two areas in which we do not seem to be using our best tools.

One of the potential and untapped strengths we do not use arises from the fact that in a number of places in the Diocese our parishes simply do not talk to each other. This is not to say that we dislike one another; it does mean that we haven't bothered to know each other. It may mean quite subtly that we fear each other in certain ways. I talked with the Rector of an old metropolitan parish recently (not in our Diocese). Within two miles of his Church there were four other similar parishes. This Rector realized one day that he knew his clergy neighbors but slightly, and knew nothing of how their parishes were trying to minister in the same area and to the same people. So he invited these men to lunch. They came with their defenses up and waiting for the trap to be sprung. To their amazement they learned that the only object was to get acquainted — to know one another. Surely we need to know one another in love and not fear. Surely out of such knowing could come understanding. Conceivably there might come a common concern for the cause of Christ

in that area. There might be a pooling of strengths rather than a weeping over separate weaknesses. The best tools might be used for Christ rather than the second or third best.

Must we not ask ourselves of any given area the questions: "How best can our Church serve God's children in this place?" "How can we make more effective the total impact of the Church upon this given area?" And can we possibly let the Holy Spirit help us to find answers if we continue to talk only to ourselves and never to one another? I am convinced that unless we are willing to trust ourselves together under God that our message of the living Christ will become fainter and fainter in many areas. If Christian stewardship means anything, it means much more than money; it means the giving of self so that the Body of Christ be not crucified daily but that it may be a resurrected and whole Body.

If all of this has any validity, it must also be applied to parts of the Diocese in addition to parishes and missions. We have a Diocesan structure of a departmental nature. It may be that this is the right structure for the future. But we must not hesitate to subject this to our best thinking; to test it periodically in the light of new knowledge. One beginning might well be to have more dialogue between the several arms of the Diocese and not to confine ourselves to monologues within departments. The Anglican Communion in the world is beginning at long last to think, and to act in this manner. We are concerned in the mission fields of the world to bring about coordination and cooperation. There is a general recognition that the mission of the Church, and of all of her parts, in one mission and must be attacked in a unified fashion. Our mission is to man in a culture and world which must be understood if we are to be successful in this mission. The realization that Christian social issues, religious educational issues, stewardship issues, evangelistic issues, and others, cannot be dealt with in isolation should impel us to cross departmental lines at will. Only in this way can we ever hope to bring the whole Gospel to the whole man. Our national Church has moved in this direction in the promotion of a program planning group under the direction of the Presiding Bishop. Here actions of common interest are considered and a unified approach developed. For example, a common Christian theme for the year has been selected for the Episcopal Churchwomen, the Episcopal Churchmen, Youth, Church School, etc. instead of having about five themes presented at one time. This example may not indicate that the millenium is any closer. It may indicate that we can speak more effectively together than separately. Our Diocesan Council is not able to do this effectively because of its size, the pressure of time, and the numerous details of its normal business. We do need consultation between the leaders of our sections for this purpose. No one, at present, could make a completed blueprint of the results of such conferences. Probably the ultimate results would far outstrip our present knowledge or imagination.

St. Peter preached a great sermon on the Day of Pentecost. His text was from Joel 2:28. It reads, "And it shall come to pass that I will pour out my spirit on all flesh; your sons and your daughters shall prophesy, your old men shall dream dreams, and your young men shall see visions. Even upon menservants and maidservants in those days, I will pour out my spirit." In those days it really happened; in St. Peter's time it happened; many times since it has happened. Why not now in this Church, of ours? The only requirement is to believe and to offer our best tools of heart, mind, soul, and body.

Rules of Order

THE CONVENTION

1. The Convention shall be opened and closed with prayer.
2. All Clerical and Lay Deputies on entering the Convention shall present their names, together with the names of the Parishes they represent, on cards, to the Secretary, who shall record their attendance.
3. When the President takes the Chair, each member shall be seated.
4. The general procedure of the Convention shall be governed, unless otherwise provided for, by the rules of parliamentary practice as set forth in "Roberts' Rules of Order."
5. At the request of the President, or on motion, the Convention may resolve itself into a Committee of the Whole, and shall take a vote for that purpose.
6. A public address system shall be installed for use of those addressing the Convention.
7. No motion shall be put or debated until it is seconded; and every motion shall be reduced to writing and signed by the mover, whose name shall be entered on the JOURNAL.
8. When a question is under consideration, no motion shall be received, unless to lay upon the table; to commit it; to postpone to a certain time; to postpone it indefinitely; to correct it; to amend it; or divide it; and motions for any of these purposes shall have precedence in the order herein named. If a motion to lay an amendment on the table be carried, the matter before the Convention shall be proceeded with as if no such amendment has been offered. The motion to lay upon the table and to adjourn shall be decided without debate. The motion to adjourn shall always be in order, unless some member is speaking.
9. When any member is about to speak, he shall, with due respect, address himself to the President, and in speaking confine himself strictly to the point in debate.

WHEREAS the General Convention of The Episcopal Church, convened in Detroit in 1961, accepted an invitation of The United Presbyterian Church in the U.S.A. to begin conversations looking to eventual union, and to join with The Presbyterians in inviting The United Church of Christ, and The Methodist Church to take part, and

WHEREAS The Synod of New Jersey of The United Presbyterian Church in session at its annual meeting held in October, 1961, expressed the desire to enter into conversations with representatives of The Episcopal Diocese of Newark, and to join in a program of cooperation, education and exchange in as many areas of the life of the Church as may be possible, and

WHEREAS without forgetting that all the major theological and practical problems of reunion must be resolved on the national level there is still need for acquaintanceship, for trust and affection, for growth in knowledge and understanding which can properly be effected on the local level, therefore

BE IT RESOLVED that this annual convention of the Protestant Episcopal Church in The Diocese of Newark send its fraternal greetings to the Moderator and Synod of the United Presbyterian Church in New Jersey, and

BE IT FURTHER RESOLVED that this Convention approves the action of the Diocesan Council in asking the Bishop to appoint a committee to represent the Diocese of Newark in conversations with representatives of the New Jersey Synod of The United Presbyterian Church.

To implement the resolution the Bishop appointed the following committee: the Reverend Messrs. George E. Rath, Charles J. Child, Jr., Ledlie S. Laughlin, Jr., and Messrs. Charles W. Kappes, Jr., Joseph Leidy and Herbert Draesel.

The Reverend Ivan H. Partridge, Chairman of the Commission to study Clergy Salaries, presented their report which on motion was received. (See Reports of Convention.)

On motion Resolution Number 1 was carried as amended.

BE IT RESOLVED that this Convention adopt the following scale of cash salaries and perquisites effective January 1, 1964, as the new Diocesan minimum to serve as the lowest level of remuneration for clergy employed on full time basis for the Diocese and to be as well the standard which Parish Churches in the Diocese ought to meet:

1. Annual Cash Salaries:

- (a) Deacon, \$4500. per year.
- (b) Priest, \$5000. per year.

2. Perquisites:

- (a) Suitable housing, adequately maintained.
- (b) Heat.
- (c) Electricity.
- (d) Water.
- (e) Gas (if necessary).

BE IT FURTHER RESOLVED that the Convention continues in effect the provision that the basic cost of a telephone, where the man's work requires it, is a proper allowance, and

BE IT FURTHER RESOLVED that the Convention establish \$800 per year, effective January 1, 1964, as the new minimum car allowance for clergy with a recommendation that, in cases where excessive mileage warrants doing so, men be paid at the rate of 10¢ per mile in excess of 8,000 miles.

On motion Resolution Number 2 was carried.

BE IT RESOLVED that this Convention urge vestries to strive to raise all parish clergy salaries in the Diocese above the minimum to at least the standard of "just and equitable" salaries, previously endorsed by the Convention and reaffirmed by the Commission on Clergy Salaries in its 1962 report.

On motion Resolution Number 3 was carried.

BE IT RESOLVED that this Convention thank its Bishops for their outstanding interest in the achievement of just and equitable living standards for the clergy and for the communications they have already directed to the achievement of these ends, and

BE IT FURTHER RESOLVED that this Convention request that in 1962 our Bishops again communicate with the wardens, vestries, and treasurers of the Diocese commending further improvements in the situation where they may be warranted by circumstances.

On motion Resolution Number 4 was carried.

BE IT RESOLVED that this Convention recommend that in the fall of 1962 all Archdeaconries consider calling special meetings of wardens, treasurers, and whatever number of selected vestrymen they may choose to participate with the Clergy Salary Commission in detailed consideration of the matter of clergy "livings", and take whatever action they may individually deem appropriate.

On motion Resolution Number 5 was carried as amended.

BE IT RESOLVED that the Diocesan Convention direct that as of January 1, 1964, and in subsequent years, provision be made in the Diocesan budget for the subsidizing of clergy salaries, perquisites and allowances, under the following conditions:

1. Application be made by the Rector and endorsed by the vestry to the Department of Missions by January 1, 1963, and by April 1 of each subsequent year in which a subsidy is needed.
2. In applying for a subsidy, the vestry automatically grants to the Department of Missions the right to designate an outside group or agency to conduct the Parish Every Member Canvass the fall preceding the year in which subsidy is to be granted, the Department sees fit to do so.
3. Should the Cure in which the subsidy is granted become vacant, the vestry shall bind itself to select a candidate who has the specific approval of the Bishop.
4. Any other conditions for the granting of subsidies which may be recommended by the Department of Missions or Urban Works shall also be met as agreed upon with the vestry at the time of request for subsidy.
5. Taking into consideration the above conditions, the Department of Missions, in consultation with the Bishop, shall have full authority to determine the extent of the subsidies and whether they should be rented or withheld.
6. Payment of subsidies shall be through the Department of Missions.

On motion Resolution Number 6 was carried as amended.

BE IT RESOLVED that the Convention request our Bishop to reappoint the Clergy Salary Commission as the Standing Commission on Clergy Salaries of the Diocese of Newark to serve at the continuing pleasure of the Bishop and of the Convention, and

BE IT FURTHER RESOLVED that this Convention recommend that the Standing Commission continue to consist of four laymen and two prebysers and that when any present member resigns or ceases to function he be replaced by appointment by the Bishop, and

BE IT FURTHER RESOLVED that the Report of this Commission be sent to the member of the Convention not less than thirty days prior to the Convention.

The Convention sang at this time Hymn 551.

The Reverend Frederick R. Gutekunst, Chairman of the Committee on Miscellaneous Resolutions next presented the Report of the Committee.

The Reverend William L. Griffin, Jr. had withdrawn his resolution on Clergy Salaries in the light of the previously passed resolutions.

Although the Committee moved the adoption of the amended resolution on the "Second Mile Quota" as presented by the Reverend Clarence W. Sickles, it was defeated.

The Committee's request to be discharged from further consideration of a resolution concerning a paid diocesan fund raiser as presented by the Reverend Clarence W. Sickles was accepted.

The Committee's amended resolution on Capital Punishment as presented by the Reverend John Green was adopted after further amending as follows:

WHEREAS Capital Punishment is contrary to the Christian doctrine of redemption, rehabilitation and reverence for life, and in view of the stand of our General Convention of 1958 against capital punishment,

BE IT RESOLVED by this Convention that the Diocese of Newark go on record as being opposed to capital punishment and urge Governor Hughes and our Legislative representatives in Trenton to work toward its abolition in the State of New Jersey and

BE IT FURTHER RESOLVED that present statutes, regulations, and procedures with regard to parole of those convicted of murder or kidnapping and the qualification, appointment and tenure of personnel designated to concern themselves with matters of parole in formerly capital offenses as well as other offenses be the subject of continuing study and investigation to insure effective rehabilitation of those convicted of crimes before their release or parole.

The following resolution presented by the Reverend Henry B. Cannon, was adopted after the Rules of Order had been suspended.

BE IT RESOLVED that the Committee on Miscellaneous Resolutions shall invite the authors of the Resolutions under consideration to attend its meeting for the purpose of explaining the intent of the Resolutions offered and to share in the revision or amendment of the Resolutions, if necessary, before the Resolutions are submitted to the Convention.

The Reverend Canon Benedict H. Hanson, Chairman of the Department of Christian Social Relations, on behalf of the Department moved the adoption of the following resolution. After being duly seconded, it was adopted.

WHEREAS the Church in every age has sought to inspire and advise with her people in the perplexing areas of decision-making be they moral, social or political, and

WHEREAS the exercise of this responsibility is seriously hindered at the present time by strong pressures being brought to bear on Church people by extremists both of the Right and of the Left who often resort to false witness, slander, distortion and over-simplification, and

WHEREAS the activities of these extremists have often aroused suspicion, mistrust, disunity and confusion within the Church, therefore

BE IT RESOLVED that this Convention endorses the warnings against extremist movements, both of the Right and Left, which have been expressed both by the Bishop of Newark in his address to the 1961 Session of this Convention and by the General Convention of 1961, reminding people of our Church to examine carefully charges of disloyalty and subversion brought by extremist groups, and the over-simplified appraisal of our situation which they promote, and

BE IT FURTHER RESOLVED that this Convention urges the Clergy of the Diocese to make this a subject of instruction, study and preaching in their congregations and that it instructs the Department of Christian Social Relations to assist the Clergy in this undertaking by the provision of study materials, and by whatever other methods it judges to be appropriate.

REPORT OF THE DEPARTMENT OF MISSIONS FOR 1961

March 20, 1962

Highlights of Department action with regard to its oversight of thirty-five missions and seven aided parishes include the following:

1. Begun in July 1960, through the devoted efforts of consecrated laymen under the guidance of Archdeacon Falby and the Rev. Robert Castle, organized as a mission in November of 1960, St. David's, Kinnelon, continued to show its great potential under its first vicar, the Rev. Spence Dunbar. In January of 1961, seven acres of land plus a house were purchased, and during the year St. David's was given permission to begin plans for construction of an educational and worship unit.
2. Building was begun at St. Alban's Oakland-Franklin Lakes, of a first unit to consist of worship and educational facilities to cost approximately \$120,000.
3. Plans were begun to enlarge the parish house at St. James', Ridgefield, and to do rehabilitation work at Transfiguration, North Bergen, and Good Shepherd, Hamburg.
4. The vicarages at St. Andrew's, Lincoln Park, and Transfiguration, Townaco, were remodeled.
5. The people of Good Shepherd, Ringwood, purchased a new organ.
6. Christ, Totowa Borough, and St. Mark's, Teaneck, completed plans for parish status and reception at the 1962 Convention.
7. Bishop Stark laid the cornerstone at St. Peter's, Livingston, on September 10, 1961, and will dedicate the completed church on March 24, 1962.
8. Considerable rehabilitation work was done to St. Andrew's, Passaic, and St. Aidan's, Paterson.
9. Detailed procedures for construction, remodeling or rehabilitation were adopted and required to be used by each mission and aided parish. Special committees of the Department were set up for each mission and aided parish to work closely with each congregation so that Department policies and procedures would be more readily understood, and also that the Department of Missions be kept intimately informed about local conditions.
10. A new form of Stewardship Report plus request, if need be, for subsidy, was developed and required for use by each mission and aided parish. Notable parts of this report include (a) the requirement that each member of every mission and

aided parish be informed of the amount of subsidy granted by the Department of Missions, and (b) the request that each mission and aided parish reduce its request for subsidy by at least 10% each year.

11. Entering 1962, St. Andrew's, Lincoln Park, was forced to resume receiving some subsidy. Those missions receiving no subsidy are: St. Joseph's, Lake Lackawanna; St. Andrew's, Harrington Park; Christ, Midland Park; St. Peter's, Livingston; St. John's, Englewood; St. Cyprian's, Hackensack; St. Peter's, Washington. Those assuming a larger share of their own support are: St. Mary's, Belvidere; St. James', Hackettstown; St. Peter's, Mt. Arlington; St. Mary's, Sparta; Atonement, Fair Lawn; St. Alban's, Oakland; St. James', Ridgefield; St. Michael's, Wayne; St. Aidan's, Paterson; St. Andrew's, Passaic; and Our Saviour, Secaucus.

SYDNEY E. GRANT, *Archdeacon for Missions*

DEPARTMENT OF CHRISTIAN EDUCATION

Diocese of Newark

1961 Report

In the Fall of 1961, the Department requested the Rev. Henry L. H. Myers of the National Department of Christian Education to make a week-long study of the Department, its various committees, their functions, and their staff needs. Mr. Myers' thorough-going and most helpful report diagnosed three problem areas - organization, program and ideology. He recommended a 48-hour conference of the entire Department to work through these problems. The consultation with Mr. Myers was occasioned by the resignation of The Rev. A. Stewart Hogenauer, Executive Secretary of the Department. Mr. Hogenauer's resignation was submitted at the October 18th meeting of the Department. In recognition of his thirty-two years of faithful and dedicated work in the field of Christian Education in the Diocese, Mr. Hogenauer was presented with an illuminated scroll setting forth a resolution of appreciation by the Department and a purse at a luncheon following the November meeting.

The recommended conference was held in January of 1962 and resulted in a number of new policies for the working of the Department both in the Diocese and within its own structure. Present staff needs were reassessed and are reflected in the 1963 Budget askings. The educational work of the Diocese now demands a full-time Consultant in Christian Education devoting the bulk of his time and effort to the broad work of consultation and leadership training with certain pressing administrative functions carried by part-time workers.

ADULT COMMITTEE - The Rev. H. Brevoort Cannon, Chairman

The major interest of the Adult Committee in the early part of 1961 was in the Ashbury Park Conference for the clergy. The Committee continued its general policies of trying to assist parishes as requested and of participation in the Annual Princeton Conference. The Committee has been working upon suggestion on a design to be called a Community Life Mission. Also steps have been taken to bring about a closer working relationship between the Women of The Church and the Adult Committee.

YOUTH COMMITTEE - The Rev. Ivan Partridge, Chairman

In 1961 the Youth Committee sponsored the Bishop's Pre-Lenten Youth Rally for the second year at Upsala College, East Orange, N. J. With Bishop Stark as principal speaker, the attendance surpassed all but one previous Rally, despite poor weather. As in 1960, the Committee arranged three senior high school and one junior high school conferences. The accompanying attendance figures evidence the fact that these conferences meet a continuing need among the young people of the Diocese. In 1960 the conferences were attended by 184 young people and 45 faculty from 56 Parishes and Missions; in 1961 there were 213 teenagers and 45 faculty members representing 58 Parishes and Missions. Clergy and lay leaders experienced in youth work led these sessions at Holiday House, Delaware, N. J. The Diocesan Basketball Team, playing at the Newark Y.M.C.A., had played 65 games. Christ Church, Short Hills, led in the won-lost column. One hundred and thirty boys participated. In the spring, the Committee presented a Clergy Clinic Day, which was attended by 37 Diocesan Clergy. The Youth Committee also provided leadership on the Archdeaconry level. Its members include a Youth Program Director in each area. Scheduled according to its own needs, each Archdeaconry has regular young people's meetings, ranging in frequency from quarterly to monthly and other arrangements for teenagers. Serving as Archdeaconry representatives in 1961 were: Warren and Sussex - The Rev. Robert Maitland; Morris - The Rev. Walther Dettweiler (The Rev. Philip Walters, at present); Passaic - The Rev. Richard Bolles; Essex - The Rev. Robert Wagner; Hudson - The Rev. Frederick R. Gutekunst; Newark - The Rev. Franklyn Weiler; East Bergen - The Rev. F. H. Hobbs and G. H. Bowen; West Bergen - The Rev. Donald Kimmick. Through its Chairman and its Archdeaconry representatives, the Committee provided consultative services to 21 Parishes and Missions.

CHILDREN'S COMMITTEE - The Rev. William H. Strain, Chairman

The Children's Committee held two Diocesan-wide Church School Teachers' Conferences during 1961. In April, a Conference was held on Teaching Methods and included workshops in story telling, creative dramatics, handicrafts, visual aids and consultation. In September, a conference was sponsored on the theme: "The Church School Teacher and the Bible." This program was subsequently made available to the Archdeacons for Archdeaconry conferences on this subject. The 1961 Advent Offering went to Haiti to help build a new parochial school and amounted to \$2,719.25. Two teacher training films "Here and Now" and "Going on From Here", have been made available to parishes and missions. Members of the Committee are available to present and interpret these films. Members of the Committee have also spoken at Church School teacher rallies and convocations throughout the Diocese. A Children's Committee "Exchange" is planned for 1962. The purpose of the Exchange, which will be mailed to all clergy and superintendents, is to provide a means of sharing ideas throughout the Diocese regarding Children's Work.

EPISCOPAL DAY SCHOOL COMMITTEE - The Rev. Charles R. Fisher, Chairman

Since the Diocesan Convention the Episcopal Day School Committee has presented a comprehensive report on Episcopal Day Schools, their problem of structure, organization, relationships to the Parish and Diocese and how the Committee could assist as well as protect the Parish and the Diocesan in any Parish Day Schools. On recommendation of the Department of Christian Education, the Episcopal Day School Committee was set up as a permanent committee of the Department with the consent of the Diocesan Council. The Committee made a survey of all the Diocesan Committees in the Church and has compiled information from Dioceses which have from one to about thirty-five Parish Day Schools of various types on (1) getting an Episcopal Day School started; (2) standards of accreditation; (3) school policy and organization; (4) the Diocesan role.

COORDINATION COMMITTEE - The Rev. Roger O. Douglas, Chairman

The Coordination Committee is the newest arm of the Department. It was organized by the action of the Department at its June meeting. At the time it was felt that there was a need to get in closer contact with the individual parishes, to explore new ways of leadership training, and finally to study and make recommendations on a number of the Department proposals. In the first six months since its inception, the Coordination Committee has made recommendations to the Department in reference to a newsletter and has also had extended consultations with eleven parishes and missions. In conjunction with the consultation program, the committee has produced a document as a guide for consultation that reflects both the Diocesan Survey report and the on-going work of a parish in its Christian education thrust.

DEPARTMENT OF CHRISTIAN SOCIAL RELATIONS

For the Year 1961

I would like to highlight several areas of the Department's work in the year 1961: In order to stimulate our people to exercise more fully their Christian citizenship, the Department issued a Legislative Bulletin in March. It dealt with a few of the bills before Congress, and the Legislature - bills in which human welfare was especially involved. And in order that the legislators might not only hear from Episcopalians by letter, but also in person, the Department organized and sponsored its fourth Legislative Caravan to Trenton on March 20, 1961. On that date 150 men and women from our parishes and missions went to the State House to speak personally with their representatives in government. This group, led by Bishop MacAdie, also had the opportunity to speak with the Governor. Bishop MacAdie presented the Episcopalian Caravan and that of the United Church Women of the New Jersey Council of Churches to The Assembly and to the Governor.

The Department went on record for the following during the past year: (1) the abolition of capital punishment; (2) a minimum wage for New Jersey; (3) migrant labor legislation; and (4) stiff court sentences for those involved in illegal manufacture, sale or administration of narcotics; and (5) fair housing legislation.

In May the Department issued a Health and Welfare Manual which is a comprehensive listing of health and welfare services within the borders of our Diocese. This Manual was most enthusiastically received - not only by our clergy who use it as a resource book in helping their people, but also by many secular social agencies in New Jersey who consider it a valuable resource manual. Miss Vinne van Hoogenstyn of the Department was the editor. Manuals are available at \$2.00 each to our Church members and \$2.50 each to non-Church organizations.

A Regional Conference on C.S.R. sponsored by the National Council of the Protestant Episcopal Church during the first week of July was attended by Mrs. Wm. Garmany, Mrs. Arthur Hawkins and Mr. James Pawley, members of the Department. The Conference was at Hemlock, Haven, Virginia and was especially concerned with interpreting the Christian Gospel to a rapidly changing world.

On Saturday, October 28, the Department sponsored a Diocesan-wide Conference on C.S.R. in Trinity Cathedral and Cathedral House. The purpose of the Conference was to strengthen Christian Social Relations in the parishes and missions. Dr. Thos. A. Pettigrew, Chairman of Intergroup Relations of the National Council of our Church and the Rev. Hugh McCandless, rector of the Church of the Epiphany, New York City, were the leaders. Workshops were held in the following subjects: Aging, Alcoholism, Human Relations, Legislation, How the Suburban Church can help the City Parish, and Volunteers for Public Hospitals.

The Rev. Mr. Green, on behalf of the Department, presented a statement at the public hearing for a fair wage for the workers in the laundry, dry cleaning and dyeing business.

In closing, I would like to say we are indeed fortunate to have had such fine leadership on our Committees during this past year. We are most grateful for the wise counseling of Bishop MacAfee, and the splendid teamwork of the members of our Department in carrying out our Program.

Respectfully submitted,

BENEDICT H. HANSON, *Chairman*

REPORT OF DEPARTMENT OF STEWARDSHIP AND EVANGELISM

Our Bishops and various members of the Department of Promotion have felt for some time that this title did not adequately describe this department and its functions. During the fall of 1961, therefore, this department name was changed to Department of Stewardship and Evangelism.

This department has also been reorganized to enable it to handle its jobs properly. We now have three committees, each of which will meet monthly. Each committee will share its minutes with other committees so that the whole Department will be informed of each committee's work. The entire Department will meet four times a year.

The three committees are Communications, Evangelism and Stewardship.

The Communications Committee has several sections, including Radio and Television, which produces programs for broadcast by various radio stations, Public Relations which prepares and distributes press releases on the Diocesan level, Clergy Newsletter which now is distributed to all Clergy regularly and Newark Churchmen which now goes directly into the homes of all Episcopalians in the Diocese of Newark.

The Committee on Evangelism is a new one in this Department. One of its principal functions will be to seek information on this subject elsewhere for possible use in our own Diocese.

The Committee on Stewardship, in addition to researching Every Member Canvass material will aid in training canvass workers, will provide speakers and instructors to any Parish requesting aid. This Committee will also maintain liaison with the Committee on Quotas and Assessments.

This Department has much work to do and we confidently expect that this reorganization will make it possible for us to accomplish more very soon.

EPISCOPAL CHURCHWOMEN DIOCESE OF NEWARK

President's Report (May 1961 - May 1962)

This has been a year of opening doors, and new experiences, and I hope it has been as joyous for you as for me.

June and July brought conferences with Parish, District, and Diocesan leaders; those new in their jobs as well as those who were seeking a new look for familiar work.

Triennial Meeting and General Convention took place in Detroit in September, and Episcopal Churchwomen were represented by Mrs. Edwin A. Kirch III, Mrs. Robert L. Stegmair, Mrs. John T. Mason, Jr., Mrs. Homer C. Holland, and Mrs. Herbert E. Armstrong. This Convention was framed by the death of Dag Hammarskjöld, in Africa, the day of the first meetings, and his burial in Sweden the day of adjournment. Such an event necessarily influenced the thinking of everyone involved. Twice the Delegates to Triennial Meeting were invited to meet with the Deputies to General Convention, before they left Newark, and on each occasion we were impressed by the cooperative effort they were making. It was a specialized team which went to General Convention, and we were happy indeed to have been given a pre-view.

As the year draws to a close, Episcopal Churchwomen have been asked to cooperate with the Camp and Conference Committee of the Diocese in the tremendous effort involved in refurnishing and redecorating the sleeping quarters at Holiday House. Episcopal Churchmen will join in this endeavor. Planning for this undertaking brings into sharp focus the value of our lines of communication. Requests of this nature come first to the Diocesan Board and the Board hands the word along through Districts to Parishes, knowing that such messages will meet with understanding and response. We can depend upon each other, and herein lies much of our strength.

Under our By-Laws, the President "shall preside . . . supervise . . . and perform such other duties . . . as usually pertain to this office." It is the "such other" phrase which should be explored by any person contemplating the job! There is amazing variety, and deep satisfaction in the calls made upon her. She will felicitate those who carry forward the various phases of our work, meet requests, listen to expressions of opinion, and when things reach a satisfactory conclusion, she may bask in reflected glory.

All of this is made possible by the dedication and devotion of Board Members, those who are new and those who are completing their work; the warm response of the women in Districts and Parishes; the support of our Clergy throughout the Diocese, and the understanding, patience, and generosity of our Bishops. My heartfelt thanks to each of them.

Respectfully submitted,

LOUISE BARLOW ARMSTRONG, *President*

BOARD OF EXAMINING CHAPLAINS

Annual Report for 1961

The Board of Examining Chaplains of the Diocese of Newark held examinations for Holy Orders three times during the year 1961 and three business meetings.

On Thursday and Saturday, April 6 and 8, 1961, Messrs. Robert K. Dixon, Andrew G. Kunz, Jr., Thomas A. Moneymaker, Jr., Harold David Sox, and Arthur K. Wing, III presented themselves for examinations in the subjects required in Canon 29, Sec. 1 (a) for Ordination.

On November 10, 1961, there was a special examination schedule for four men; according to Canon 29, Sec. 1 (a) for Mr. Hayward L. Levy, former Baptist and Methodist clergyman for the Diaconate; Mr. Edward H. Rankin, Candidate from the Diocese of California, in New Testament only; Rev. Arthur K. Wing, III in the History of the Church in America; and according to Canon 32, Sec. 3 (a), Mr. Philip S. Watters, Jr., a former Methodist clergyman. Messrs. Rankin, Wing, and Watters completed all the Board's requirements.

On Thursday and Saturday, December 28 and 30, 1961, examinations required by Canon 29, Sec 1 (a) were given to: the Reverend Edwin Ball, Deacon; Messrs. Alvin P. Burnworth, Jay Holland Gordon, Raymond P. Kress, Edmund P. Partridge, John Frank Stanton, Candidates formerly of the Diocese of New Jersey; Alvin Holmes Taylor, and Thomas B. Waring. Since Mr. Stanton had been examined in all subjects before the Board of Examining Chaplains of the Diocese of New Jersey, this Board asked him to take examinations in only four of the subjects required.

At the 87th Annual Diocesan Convention, the Convention approved Bishop Stark's nomination of the Rev. Dr. Raymond A. Peterson, Vicar of Saint Stephen's, Fort Lee, to succeed the Reverend Albert O. Judd. Mr. Judd's years of capable and devoted service on the Board were noted by resolution and a letter to him.

Judging from the number of men applying to the Bishop for dispensations from Greek, it appears that the study of this subject is, like Hebrew, on the way out.

Only one member of the Board was absent from one meeting throughout the year, and that absence was because of illness.

Respectfully submitted,

GEORGE L. GRAMBS, *Secretary*

EPISCOPAL COMMUNITY SERVICES

(Formerly Known as City Mission Society)

The Episcopal Community Services, a social agency in The Diocese of Newark, was organized in 1913. Its primary purpose is to express the concern of the Church for those who are in institutions within the borders of The Diocese. It does this by relating the hospitals, homes, and penal institutions within the Diocese to the resources of the Parish Churches — both clerical and lay.

So far the main emphasis has been on hospitals. Each of the sixty-five hospitals within the Diocese has an Episcopal clergyman who is responsible for our Church's ministry in the particular hospital. These associated chaplains (75 in number) report regularly on their ministry in the hospital assigned them.

Nearly 250 lay volunteers from our parishes and missions are going forth in the Name of Jesus to meet human need in ten public hospitals throughout the Diocese. Their recruitment, training and sustaining in the work is under the supervision of Canon Hanson. (By its very nature, this is a continuing work as volunteers move away, die, etc.) In every possible way these volunteers extend warmth and friendship to the patients. They visit with the friendless and the lonely ones. They read to those who want it and they write letters for the patients. Some give ward parties and some serve as nurses' aides. They work in libraries, offices and laboratories. They distribute literature, clothes, candy, cigarettes, and other personal items beyond regular hospital care. There is a great need for more volunteers for this field of Christian service.

In 1961, 223 active volunteers gave approximately 425 man-hours per week of service and approximately 3244 individual contacts were made per month.

On Sunday, Nov. 19, a Conference for the volunteers was held in Trinity Cathedral and Cathedral House. Over 250 people attended and The Very Rev. David Loegler, Dean of Trinity Cathedral, Cleveland, Ohio, gave an address on "A Rewarding Service". In attendance were administrators of hospitals, doctors, nursing supervisors, clergy, and volunteer workers from many parishes, including the E.C.S. volunteer chairmen from eleven hospitals.

The work with prisoners in the County jails is being expanded. The emphasis in this work is the helping of the released prisoner in his total social readjustment. Help includes finding of a job, a place to live, friends and clothes. Help is also given to the families of prisoners. This work comes under the direction of The Rev. John R. Green.

The Rev. Mr. Green has related the 80 licensed nursing homes within the borders of our Diocese to the parish churches. The Lay Readers of the Diocese are helping in this endeavor.

Also, Canon Hanson and Mr. Green now counsel with most of the people in difficulty who come to Cathedral House.

The concern of The Society for the broader field of Christian service is demonstrated by the fact that Canon Hanson has been serving as Chairman of The Department of Christian Social Relations of the Diocese for the past six years. He gives a considerable amount of time to this work. (See Report of The Department of Christian Social Relations, page 26.) Both he and Mr. Green serve on many boards of trustees of organizations within this area of the Church's concern. Thus, The Church in The Diocese of Newark through the Episcopal Community Services not only goes out in Christian service into the community, but through the E.C.S. clergy, the Church's leadership is given to Christian social action in the community. The Church's concern for the social welfare of the community is expressed! The Church is in the world!

HOUSE OF THE HOLY COMFORTER, CHAPLAINCY

I am pleased to report that, thanks to the cooperation of the clergy of the area, we continue to have a Celebration of Holy Communion at the House of the Holy Comforter at 9:30 every Tuesday morning throughout the year.

Almost all of the residents of the House attend this service regularly.

Twenty-two priests who are close enough geographically and who do not have conflicting services participate in this program, with Bishop Stark making an annual visitation to celebrate Holy Communion on Easter Sunday.

The Chapel is being completely renovated and redecorated under the direction of the Chapel Committee. A new ceiling has been installed with recessed lighting; new draperies, a new dorsal and new frontal will combine with the other changes to present a much more worshipful atmosphere. It is expected that the Chapel will be ready for use again before Easter.

Respectfully submitted,

HOUSE OF THE GOOD SHEPHERD

280 Henry Street, Orange, N. J.

ANNUAL REPORT

The House of the Good Shepherd was founded in 1882 by the Reverend Anthony Schuyler, Rector of Grace Church, Orange, as a home for elderly, dependent parishioners. In March, 1883, the Home was incorporated, and through the generosity of Mrs. William Barr, its building was enlarged to its present size with accommodations for thirty-one residents. The only requirements for applicants is that they be at least sixty-five years of age, and pass a physical examination to prove that they are in fairly good health so as not to require nursing care, for which the Home has no license. The Home is now restricted to women, each of whom pays Eighty Dollars a month for room and board, which represents about one-half the real cost of providing for them. The other half comes from the income from endowment built up with bequests by generous persons through the years.

As of February 14, 1962, the House of the Good Shepherd is filled to capacity. Preference is given to Episcopalians on the waiting list.

Eighteen persons serve on the Board of Trustees, who meet every month except July and August. The present officers are:

President: Rev. Albert O. Judd
 Vice President: Rev. Trevor E. G. Thomas
 Corresponding Secretary: Mrs. James M. Hill
 Treasurer: Mr. James McCracken III
 Assistant Treasurer: Mr. John N. Page
 Chaplain: Rev. George L. Grambs

Mrs. Mary Effie Hammond is superintendent; and Miss Marjorie March is Chairman of the Admissions Committee. After serving for twenty years as Organist of the Home, Mr. Irving Young retired from the position on December 31, to be succeeded by Mrs. Ruth Stevenson.

Seventeen local clergy of the Episcopal Church hold Services in the Chapel on Thursday mornings throughout the year, with Bishop Stark and Bishop MacAdie making annual visitations to celebrate Holy Communion on Ascension Day and All Saints Day.

There are ten Lay Readers licensed by the Bishop who read Evening Prayer and Sermon on Sunday afternoons from September 15 to June 15; and Morning Prayer and Sermon on Sunday mornings from June 15 to September 15. They are ably assisted by six volunteer Organists. Once a year they have dinner together for fellowship.

Two used private communion sets were given to needy, newly priested clergymen, one in a United States mission and one in Africa.

Three lavabo towels were presented Trinity Mission, Mt. Pocono, Pa, in appreciation of the use of furnishings borrowed for the Buck Hill Conference Communion Service; preparation for which was taken care of by the Diocesan Altar Guild.

Four stoles were supplied All Saint's Chapel, Cathedral House, also wine, wafers and candles.

Bishop Stark celebrated the Annual Corporate Communion on Nov. 6, 1961 at All Saints' Chapel, Cathedral House, at which service the Altar Guild Book of Remembrance was presented.

The Diocesan Altar Guild was represented at the re-organization of the National Council of Altar Guilds at the Tri-annual Convention in Detroit.

We are grateful for the used furnishings received and thank all who have helped the work financially. The use of the parish halls at Christ Church, Newton, Christ Church, Ridgewood and Grace Church, Madison for our monthly work meetings is very much appreciated.

The need for workers remains. We sincerely thank the faithful group of women who give so generously of their time and talents in making altar furnishings. It is through their efforts these requests have been supplied.

Respectfully submitted,

FLORENCE HOILES, *President*

DEPARTMENT OF URBAN WORK

To the 88th Diocesan Convention on May 12, 1962

Since the last Annual Convention of the Diocese of Newark your Department of Urban Work has held ten regular meetings and one joint meeting with the Department of Missions. In addition, many committee meetings have been held and much work has been carried on by members of the Department individually and in groups. The chairman wishes to express at this time his sincere thanks for the diligent efforts the members and other concerned persons have put forth during the past year.

The Department has functioned mainly in three areas during the past twelve months: Education, Program, and the implementation of last year's Convention Resolution to seek additional funds for special projects.

I. EDUCATION. A Speaker's Bureau of the Department has been set up to tell the story of the Church's needs and opportunities in our cities. Several of our larger parishes have already asked for presentations by special speakers and other peaking engagements are in the process of being set up. The Speakers' Bureau is staffed by lay and clerical members of the Department and by the Rev'd Paul Musselman, nationally known for his own thinking in the area of urban work and evangelism.

Two Workshops in the techniques of summer neighborhood recreation programs have been held recently under the sponsorship of the Department. The parishes contemplating this type of program during the coming summer have been represented at this workshops.

II. PROGRAM. The Department is currently making use of the \$7000 allotted to it in this year's Convention Budget plus contributions to date from interested parishes and individuals. With these funds, most of which are committed at the present time, it has been possible to subsidize, in part, the following projects for 1962:

1. A Spanish speaking lay worker for Grace Church, Jersey City, to be shared by all the parishes in that city needing such a person.
2. Five summer neighborhood recreational and educational programs at Epiphany, Orange; Grace Church, Union City; St. Aidan's, Paterson; and at St. John's and Grace, Van Vorst in Jersey City.
3. Neighborhood Canvaassers at St. Mark's, West Orange and St. Agnes', East Orange.
4. A Summer Seminarans-in-Training program in Newark involving six seminarans who will be working at Christ Church, House of Prayer, St. Andrew's, St. Mary Magdalene's and Trinity Cathedral in Newark.
5. A Store-Front Church in Passaic under the oversight of St. John's Church in that city.
6. Additional funds are being held against the possibility that a professional social worker may be secured to work under the direction of YCS in an area of need yet to be determined and financed in the main by a source outside the Urban Department.

For each of the projects listed above, a committee of the Department has been appointed to act as a liaison between the Department and the local situation.

III. FUNDS. Last year's Convention Resolution authorized the Department to receive additional funds over and above the Convention Budget for special Urban Projects. To this end a revision of last year's brochure has been made and this has been circulated in many places in the Diocese already. A great deal of interest has been shown by individuals and parishes. A notable gift of \$3000 has already been received from the Wilks Fund of St. Peter's Church, Morristown, for which the Department expresses its heartfelt thanks. Additional gifts have likewise been received from other parishes as well as some individuals. Beyond such contributions of money, others have shown an interest in giving their time and talent wherever needed and your Department is currently engaged in placing such people where they may be used most effectively.

At the Budget Committee hearings for 1963 the Department presented a proposed Budget of \$49,500.00 for personnel to supplement the \$35,000.00 approximately which the Department of Missions already spends in several of our urban parishes. The Budget Committee and Diocesan Council saw fit to reduce the Urban Department's asking to \$9000.00 for 1963. It is the hope of the Department that the people of the Diocese will soon come to realize the great urgency of the problems and opportunities before us in this great metropolitan diocese and that their stewardship will soon come to reflect their sense of this urgency so that adequate resources may become available.

For the future, the Department of Urban Work is involved in a number of other projects and concerns which it hopes to see come to fruition as soon as is practically possible.

1. Slides and/or motion pictures are in preparation showing some of our urban churches and their programs in action. These will be made available to help tell the story of the Church at work in the city.
2. Representatives of various parishes will be given the opportunity to see some of the types of urban church programs in operation during the coming summer.
3. The matter of a full-time executive officer for Urban Work is currently under consideration by the Department, the Diocesan Council and the Bishop, and it is hoped that this may be resolved in the not-too-distant future.

The Chairman wishes to thank the Bishop, the Bishop Suffragan, members of the Department of Urban Work and its committees and all the other interested and concerned persons throughout the Diocese who have done so much to make this past year an inspiring one for him.

Respectfully submitted,

FRANKLYN Y. WEILER, *Chairman*

COLLEGE WORK COMMITTEE—1962 Report

The College Work Committee of the Diocese of Newark has continued to foster the development of an effective mission to the entire college population of the Diocese.

A part-time Chaplain for the part-time college center in the Cathedral House in Newark under the guidance of the Reverend Walther Dettweiler of St. John's, Newark has provided a beginning. The Committee has fostered program assistance at eight colleges and universities and salary and program assistance at three locations, — Hackensack, Newark, and Hoboken.

A conference at Bard College for those concerned with College Work in the Province was attended by ten priests and laymen from the Diocese of Newark.

Budget planning and assistance requests which have been granted by the National Council's Commission on College Work will enable our Diocese to have a full-time College Center at Cathedral House with a full-time Chaplain during 1963.

Conversations leading to a scheduled survey of college work in the Diocese have been successfully completed and funds to defray expenses for the survey were donated to the College Work Committee from lay sources.

The College Work Committee is grateful to Trinity Cathedral for its continuing hospitality at Cathedral House for the College Center, to the Episcopal Churchwomen for their continuing concern with College Work at every level of their organization, to the Bishops for their encouragement and concern — and to the Convention of the Diocese of Newark for its support of the Committee's work.

Respectfully submitted,

DEAN'S REPORT TO DIOCESAN CONVENTION May 12, 1962

An Annual Report of the Cathedral this particular year should only begin by calling attention to rather obvious facts. The first is that the re-decoration of the Cathedral has been completed and the total result has been most pleasing to everyone, and I am sure this Convention welcomes the change from the accumulation of several years' wear and tear.

Second, you have all recently received as members of the Diocese here the recent issue of the Newark Churchmen which was almost entirely devoted to the Cathedral program. In it you will find a much better revelation of the total program of the Cathedral than I can possibly give you at this time. There are a few extra copies available. If you wish, we would be happy to have you request them from our office. In addition, earlier this year we mailed to the wardens and presidents of the Episcopal Churchwomen of each parish a shorter brochure on the Cathedral program.

The extension of the Down Town work of the Cathedral has shown itself in the fact that the Down Town Workers' Luncheon Fellowship is now meeting each month and is broadening its participation to include members of other denominations. In addition, a mid-week celebration has from time to time brought together a few men and women for worship, followed by breakfast discussion. The discussion has centered around the general theme "The Christian and his daily work."

A program of cooperating youth groups has also emerged this past year largely due to the summer program at the House of Prayer last summer. This work is called Youth Organization United and is an initial attempt to penetrate into new areas in our mission in the city.

The summer program for training seminarians in connection with the New England Pastoral Training Program has expanded and this summer will include six students, two of whom are from this Diocese. The students will work in five different parishes in this City.

The Cathedral pilgrimages have been continuing during the past year in connection with the 4:30 Sunday Evensong Service. Since these services are decreasingly needed for special functions, we have decided to discontinue the 4:30 Sunday service, except for certain special events. The pilgrimages will be arranged as convenient to parishes that wish to avail themselves of this program. The pilgrimage program has received high commendation for interpreting not only the work of the Cathedral, but the over-all Diocesan program to the laymen and women of the Diocese.

The College Committee has included in the Budget request for 1963 funds to enable the Newark College to become full time. Funds have also been secured from the National Department on College Work to assist in this, and an agreement is being worked out whereby the Chaplain who will be in charge of this program will be related to the Cathedral in the extension of College work in this City.

St. Thomas' Mission to the Deaf continues its regular services. The need for a priest competent in the deaf language is increasingly acute. This is the last deaf congregation, where once there were three in this Diocese. It is to be regretted that we have not as yet been able to increase the strength of this ministry.

The endowment of the Cathedral is not large, though thanks to it, and the generous pledging of our people, the total program of the Cathedral is maintained and enlarged.

Your thanks and mine are due to the Bishops who are always interested in this total ministry and to a most loyal and hard-working staff for their splendid efforts at the Cathedral.

Respectfully submitted

CHURCH PENSION FUND

To the 1962 Convention of the Diocese of Newark:

The status of the benefits of the Church Pension Fund now being distributed through retirement and disability and other channels in the Diocese, as of March 31, 1962, is as follows:

	Number	Amount
To retired clergy	1,060	\$1,988,979.00
To disabled clergy	99	192,901.00
To widows	1,600	1,792,558.00
To orphaned children	264	131,729.00
Total	3,023	\$4,106,167.00

For those ordained at normal ages, the retirement and disability pensions are now 60 per cent. of average salary (minimum of \$1,800). The widows' pensions are anywhere from \$1,200 a year to one-half of the husband's pension, depending on years of her married life with him in his active ministry; and the minor children's benefits are \$360 to \$600 a year depending upon age bracket. Pensions less than these minimum figures result from 1) salary averaging under \$1,800; 2) ordination at age 40 or later; 3) discontinuous assessment payments; 4) period of deposition; 5) very late marriage.

About one-half of the costs of benefits from the system are in the retirement benefit; one-tenth in the disability benefit; and two-fifths in the widows' and children's benefits. The assessments contribute about one-half of the needed resources in the long run, the other half coming from investment earnings.

The 1958 General Convention authorized continuation of the 15% rate of assessment on clergy stipends to make possible lifting the whole benefit structure, pensions in force and future pensions, by one-fifth. This step was an adjustment to the rise in living costs. The 1961 General Convention approved further increase in the minimum widow's benefits to \$1,200 (from \$900) beginning in 1962.

The insurance and annuity facilities made available by the Trustees through Church Life Insurance Corporation are widely used by the clergy and active lay workers and officials. The policies are a means, among other uses, whereby individuals may name their parishes as beneficiaries; parishes may build up endowments; parishes may provide pensions for their lay workers; dioceses and parishes may provide group life insurance for their clergy. The group Church Major Medical Plan now covers over 6,000 individuals — clergy and lay workers and their families.

Over 5,000 churches and institutions are insured in The Church Fire Insurance Corporation. Thus the Church in effect is insuring itself, saving considerable money in the process. Its affiliated Church Agency Corporation handles bonding, liability, and other insurances required by the Church. Thus the Church has its own specialists working wholly in the field of Episcopal Church insurance, as its "joint commission on pensions and insurance," so to speak.

The cooperation of the clergy and treasurers in administering this important activity of the Church is very much appreciated.

Respectfully submitted,
 SYDNEY E. GRANT
Chairman, Church Pension Fund Committee

REPORT OF THE COMMISSION TO STUDY CLERGY SALARIES

I. INTRODUCTION:

By request of the 1959 Convention, Bishop Stark established a Commission on Clergy Salaries. From the outset, this group has consisted of four laymen, Rear Admiral Charles L. Austin (Christ Church, Short Hills), and Messrs. William P. Reuss (St. John's Church, Union City), E. Preston Root (Church of the Redeemer, Morristown) and Roy Thurnall (St. Bartholomew's Church, Ho-Ho-Kus), and two presbyters, the Rev. Henry M. Biggin (Church of St. Mary the Virgin, Ridgefield Park) and, as Chairman, the Rev. Ivan H. Partridge (All Saints' Church, Glen Rock).

The complete text of the resolution originally requesting this Commission may be found on P. 71 of "The 1959 Journal, Diocese of Newark". Its first report may be read on pages 116-122 of "The 1960 Journal", and its second report on pages 118-121 of "The 1961 Journal".

In this report, the Commission outlines the result of its third year of study within the framework of its original instructions:

"...report to the Diocesan Convention...."

- (1) "...gains and continuing needs in the area of clergy salaries..."
- (2) "...ways and means of further improving existing conditions..."
- (3) "...recommendations as to further actions which might be needed on the part of this body...."

We are first pleased to advise the Convention that substantial progress has been made in the area of providing adequate clergy livings during the past two years. The interest of the Convention and our Bishops in the situation has been a substantial factor in bringing about these favorable changes.

Despite encouraging progress, however, difficulties remain. The inflationary trend in the cost of living during the recent years continues. There remains a clear, hard core of problem situations, where men are paid substantially below minimum standards, and there is still a large, though substantially diminished, portion of the clergy who feel that the "livings" provided are not adequate for their needs.

In this report, the Clergy Salary Commission will spell out statistical facts about the situation and recommend resolutions to provide the Convention with opportunity to take further remedial action.

At the close of the report, the Commission also offers suggestions about its own future work, looking toward a long range program to fully work out the program of inadequate clergy salaries, allowances, and perquisites.

II. THE PRESENT SITUATION

The Clergy Salary Commission is happy to report that there has been considerable improvement in the general level of clergy "livings" and allowances in the past two years.

There are always some clergy who, despite continual urging, do not send in questionnaires and this year the lateness of Easter has somewhat hampered the collection of data. Nevertheless, the Commission is able to conservatively estimate that at least 110 of our men have received increases in either 1961 or 1962 in salary and/or allowances. These increases have brought about a measurable improvement in morale. The percentage of clergy who feel that their salaries are not adequate for their needs has dropped from 36% in 1960 to 41% in 1962. At least 1/3 of the men feel that the Bishops' letters to the Vestries have helped in leading to increases. Responses to the Bishops from Vestrymen go further and indicate that as many as half of our Vestries may have been positively influenced by these letters. The provision of "Major Medical Insurance", largely the work of the Department of Finance, has been an effective addition to the perquisites provided for the clergy.

Because of changes of personnel and questionnaires not always being received from the same men, it is not possible to state with certainty the extent of the improvements in allowances. However, it appears that twelve to fifteen men out of 38 who did not receive telephone allowances in 1960 now have them

provided. The car allowance situation has likewise improved materially, with all of the mission clergy and more than 50 others receiving increases since 1960.

The Committee on Special Gifts and Bequests of the Department of Finance has undertaken to investigate the possibility of establishing scholarship funds for deserving clergy children of college age. This Commission is hopeful that the work of the Committee will help to solve one of the most pressing problems facing clergy families.

The Clergy Salary Commission rejoices over the extent to which the picture has brightened in the past two years and feels hopeful that further great strides are possible in the foreseeable future. However, we are bound to look at the other side of the picture too. Some 40% of the men still feel that their salaries are not adequate for their needs. This figure, to be sure, represents subjective judgments. In objective terms, however, the Clergy Salary Commission finds, by inspection of these men's questionnaires, that in most cases they are on the minimum standard or in the lower portion of the salary scale. Moreover, of the greatest concern to all of us, there remains a body of about 10% of our men (against 15% last year) who are seriously underpaid by clergy standards.

The mission clergy are, of course, paid an enforceable minimum and this means the men in the sub-minimum group are all rectors. The majority but by no means all of them are in urban parishes, faced with the problem of high operating overhead and diminishing financial support. In this group, we include men who receive sub-minimum salaries; no telephone allowances; and either token or no car allowances. Some still receive cash salaries below the \$4000.00 mark. The Clergy Salary Commission realizes that part or all of this group may be voluntarily accepting less than the minimum. To the extent that this is true, the Commission feels that this is a poor practice since it does not encourage churches to accept their proper responsibilities and sometimes it has depressing effects upon the salaries of brethren who must live on what they earn.

We must also point out that inflation is ever with us; that by the end of the present year it is probable that the cost of living will have risen some 5% since the last increase in the Diocesan minimum salary.

We must also point out that the average family income for the United States has risen to \$7,020 per year. Many of our clergy, including the total value of salaries, housing and perquisites, remain below this figure, and certainly below the higher figure for the State of New Jersey.

III. WAYS AND MEANS OF IMPROVING EXISTING CONDITIONS:

Notwithstanding the great and encouraging progress the Clergy Salary Commission is able to report, much remains to be done. Specifically we recommend the following:

A. RAISE DIOCESAN MINIMUM STANDARDS, EFFECTIVE JANUARY 1, 1964

1. The Commission recommends a 16% increase in the minimum cash salary: from \$4000 to \$4600 for a Deacon and from \$4300 to \$5000 per year for a Priest, effective the indicated date, January 1, 1964. Of this, it is conservatively estimated that 10% will have been absorbed since the action of the 1960 Convention in establishing the present minimum. The balance will represent a 5% to 6% growth in purchasing power for the clergy families above the 1960 level. Even this gain will, however, leave those operating on minimum standards substantially below the level of real purchasing power enjoyed by the clergy earning minimum stipends in 1939, which is the base for State Cost of Living Index figures. The Clergy Salary Commission cannot imagine itself competent to make long range economic forecasts but does feel that it is noteworthy that, if the present inflationary trend reflected in the Cost of Living Index continues until mid-1965, this projected 5% to 6% gain in purchasing power will be absorbed by inflation 18 months after the new minimum becomes effective. In both cases the existing minimum standards of perquisites and allowances, outlined in our resolution below, should be maintained. In our first resolution, we further recommend that the basic minimum car allowance be raised from \$700 to \$800 in deference to continued increase in costs in automobile prices and operation.

RESOLUTION NO. 1

BE IT RESOLVED THAT this Convention accept the following scale of cash salaries and perquisites as the new Diocesan minimum to serve as the lowest level of remuneration for clergy employed on full time basis

for the Diocese and to be as well the standard which Parish Churches in the Diocese ought to meet:

1. Annual Cash Salaries:
 - a. Deacon, \$4600 per year.
 - b. Priest, \$5000 per year.
2. Perquisites:
 - a. Suitable housing, adequately maintained.
 - b. Heat.
 - c. Electricity.
 - d. Water.
 - e. Gas (if necessary).

BE IT FURTHER RESOLVED THAT the Convention continues in effect the provision that the basic cost of a telephone, where the man's work requires it, is a proper allowance and

BE IT FURTHER RESOLVED THAT the Convention establish \$800 per year as the new minimum car allowance for clergy with a recommendation that, in cases where excessive mileage warrants doing so, men be paid at the rate of 10¢ per mile.

B. CONTINUE STRIVING FOR "JUST AND EQUITABLE" SALARIES:

The Commission again points out that minimum salaries are established to afford our clergy brethren, out of Christian love, a measure of protection against serious hardships. It should be understood that most men working on a minimum salary do so at a genuine personal sacrifice. Earlier Conventions have recognized that "just and equitable" salaries for most men should be gauged by standards other than the established minimum. In recommending that vestries seek to pay "just and equitable" salaries, the Commission adheres to the recommended methods for determining these, accepted by earlier Conventions to wit:

- a. Method I.
Pay the clergyman the average per family income of the people he serves, determined as follows:
 - (1) Poll an adequate sampling of the parishioners to determine true average per family income.
 - (2) Equate this with a figure including the clergyman's actual salary; 1/6 of this figure or \$1500, whichever is larger, or the cash rental paid for his house; and the actual cash value of utilities (not including 'phone and car allowances) paid by the Vestry.

OR

- b. Method II.
Pay the clergyman a salary equal to a high school principal whose seniority in the teaching profession is equal to the clergyman's seniority in the ministry. This figure is achieved by multiplying a teacher's salary, of equal seniority, in the local school system by 1.5. In determining a clergyman's salary, add value of perquisites, as in "a", above.

We trust it is clear then, in suggesting these formulae, we are anticipating provision of the same perquisites recommended under the new Diocesan Minimum (Resolution No. 1 above).

To exhort the vestries of the Diocese to achieve at least these "just and equitable" levels, the Commission recommends the passage of the following:

RESOLUTION NO. 2

BE IT RESOLVED THAT this Convention urge vestries to strive to raise all parish clergy salaries in the Diocese above the minimum to at the standard of "just and equitable" salaries, previously endorsed by the Convention and reaffirmed by the Commission on Clergy Salaries in its 1962 report.

C. CONTINUED PUBLICITY AND EDUCATIONAL PROGRAMS:

The Clergy Salary Commission recommends that the Convention request our Bishops to continue sending communications to wardens, vestries, and treasurers in the year ahead since this has been a most effective means of improving the "livings" provided for the clergy in this Diocese.

The Commission recommends that each Archdeaconry consider arranging a special meeting of wardens, treasurers, and selected vestrymen to voluntarily participate in a detailed consideration of the entire matter of clergy salaries, perquisites, and allowances. To this end, we offer the following resolutions:

RESOLUTION NO. 3

BE IT RESOLVED THAT this Convention thank its Bishops for their outstanding interest in the achievement of just and equitable living standards for the clergy and for the communications they have already directed to the achievement of these ends and

BE IT RESOLVED THAT this Convention request that in 1962 our Bishops again communicate with the wardens, vestries, and treasurers of the Diocese recommending further improvements in the situation where they may be warranted by circumstances.

RESOLUTION NO. 4

BE IT RESOLVED THAT this Convention recommend that in the fall of 1962 all Archdeacons consider calling special meetings of wardens, treasurers, and whatever number of selected vestrymen they may choose to participate with the Clergy Salary Commission in detailed consideration of the matter of clergy "livings", and take whatever action they may individually deem appropriate.

D. PROVIDE DIOCESAN SUBSIDIES UNDER SPECIAL CONDITIONS:

After detailed analysis of its own information and consultation with the Bishops and leaders of the Department of Urban Works and the Department of Missions, the Clergy Salary Commission has become convinced we have several parishes which are simply unable to pay the minimum salary, perquisites, and allowances under existing circumstances despite their desire to do so.

The Clergy Salary Commission has considered suggesting that such parishes revert to mission status but is advised by the Diocesan Chancellor that such a course would not be practically feasible.

At present the Diocese supports a limited program of aid to parishes. The Clergy Salary Commission recommend that this program of aid to subsidize clergy salaries where necessary be extended. However, we feel also that certain reasonable conditions must be established before recommending subsidies. We offer below a resolution calling for such aid, subject to self-explanatory conditions which are included in its text.

RESOLUTION NO. 5

BE IT RESOLVED THAT the Diocesan Convention direct that as of January 1, 1964 provision be made in the Diocesan budget for the subsidizing of clergy salaries, perquisites and allowances, under the following conditions.

1. Application be made by the Rector and endorsed by the vestry to the Department of Missions by April 1, 1963, and by April 1 of each subsequent year in which a subsidy is needed.
2. In applying for a subsidy, the vestry automatically grants to the Department of Missions the right to designate an outside group or agency to conduct the Parish Every Member Canvass the fall preceding the year in which subsidy is to be granted, if the Department sees fit to do so.
3. Should the Cure in which the subsidy is granted become vacant, the vestry shall bind itself to select a candidate who has the specific approval of the Bishop.
4. Any other conditions for the granting of subsidies which may be recommended by the Department of Missions or Urban Works shall also be met.
5. Taking into consideration the above conditions, the Department of Missions, in consultation with the Bishop, shall have full authority to determine the extent of the subsidies and whether they should be granted or withheld.
6. Payment of subsidies shall be through the Department of Missions.

IV. A LONG RANGE PROGRAM

The Clergy Salary Commission feels that there is at least a developing awareness of the need to provide adequate clergy "livings" among the lay people in general. We appear to be entering into an era of a generally deepening sense of Christian stewardship. We are certainly entering a period when some established pre-suppositions are being reconsidered. For example, as reported

in the Christian Century Magazine, there is a modest, but growing, trend for clergy to buy their own houses instead of living in provided rectories. Led by Bishop W. Appleton Lawrence, leaders of the Church have been giving increased thought to dealing with the problems of men who do not find fulfillment in the ministry, etc. There remain, also, immediate needs within our own Diocesan family.

For these reasons the Clergy Salary Commission recommends that the Convention provide itself with machinery to continue the study of the entire area of clergy livings and related considerations on something more than a year-to-year basis.

We, therefore, recommend that the Clergy Salary Commission be made a standing body. To make this group a Standing Commission would not abrogate the freedom of any future convention to terminate its work, nor for that matter limit the freedom of the Commission to recommend its own dissolution at any time.

It would, however, give the Commission proper authority to plan studies and possibly recommend educational programs on more than the present extremely limited year-to-year basis. It would, also, provide that without disbanding the Commission, individual members might resign and be replaced by appointment of the Bishop.

To this end, we offer our final Resolution:

RESOLUTION NO. 6

BE IT RESOLVED THAT the Convention request our Bishop to reappoint the Clergy Salary Commission as the Standing Commission on Clergy Salaries of the Diocese of Newark to serve at the continuing pleasure of the Bishop and of the Convention.

BE IT FURTHER RESOLVED THAT this Convention recommend that the Standing Commission continue to consist of four laymen and two presbyters and that when any present member resigns or otherwise ceases to function he be replaced by appointment by the Bishop.

The Clergy Salary Commission expresses gratitude to all who have shared in its work and to all who have shared in its concern for the welfare of the rectory families of the Diocese. It wishes also to express special thanks to Mrs. Edward K. Walker for her extensive and continuing help with its tabulation and statistical work which has been available to the Commission since its inception.

Diocese of Newark

Memorandum of Information Required by the Standing Committee on Petition by a Parish or Diocesan Organization to Sell, Lease or Mortgage Real Estate, owned by it.

- I. The Petition should state whether the property to be sold or mortgaged is used as a place of worship, and, if so, whether or not it has been consecrated.
- II. If the petitioner has a map of the property described in the petition, please submit it with the petition, and after the Standing Committee has acted upon the petition the map will be returned.
- III. In the case of a petition to sell or lease real estate:
 1. Besides a description of the property by metes and bounds, the petition should describe the buildings and their present use and the reasons for selling or leasing the same, also that, in the opinion of the petitioner, the sale price or rental is equivalent to the fair value at the time of making the application, and the basis of that opinion, such as appraisals, previous efforts to sell, etc.
 2. If the sale price is to be paid other than in cash the terms of payment should be stated together with the rate of interest, and whether the balance of the sale price is to be secured by a mortgage on the premises, or otherwise, and if a mortgage, the name and address of the person or organization who will take the same.
- IV. In the case of a petition to mortgage real estate:
 1. A statement should be submitted as to the reasons why it is necessary to borrow money, on mortgage, i.e., to erect a new building, or to improve present quarters, etc., with the name of the person or organization who will take the mortgage, the terms of payment and rate of interest.
 2. If a parish applies for leave to mortgage property, there should be submitted a statement of such facts as have convinced the vestry that it is prudent to borrow the desired funds and that the parish will be able to repay the amount borrowed. Information showing whether or not the parish is growing and concerning its financial affairs should be included. In addition to other information on which the Vestry may have acted, the following data is requested:
 - (a) The present parish membership showing the number of families, and the number of baptized persons and communicants, as compared with five years prior thereto.
 - (b) A brief income and operating statement of the parish for the last two fiscal years prior to the making of the application. This statement should show the sources of income such as pledges, plate offerings, rents from any property, income from invested funds, and, under the heading of expenses, a grouping of salaries, usual operating expenses, and the parish quota for the Diocesan and General Church Program, the pledge toward this quota and amount paid thereon.
 - (c) A statement of any Notes Payable or other indebtedness except that incurred in the usual course of parish operations.

3. If the Department of Missions or other Diocesan Corporation applies for leave to mortgage property, it is requested that said corporation submit such information as it deems appropriate to demonstrate the desirability of the course it proposes.
4. The Standing Committee may request representatives of the petitioner to appear before it in support of the petition, and in the case of a parish they shall be the Rector, Treasurer or other representative, who shall bring with them such parish records as may enable them to answer reasonable questions relating to the parish finances, growth, efforts to raise by gifts the amount which the parish desires to raise by mortgage, etc.
- V. The vestry or the governing body of the petitioner should, by proper resolution, authorize the execution of the petition by the proper officers of the petitioner, and affix the seal of the petitioner to the same.
