The Church Pension Fund publishes an annual report on clergy compensation which can be found at <https://www.cpg.org/global/research/reports-statistics>. The most current (2014) and prior year (2013) comparisons between the Diocese of Newark and the surrounding dioceses for senior and solo full-time rector compensation are found later in this document.

The Diocese of Newark requires a mutual ministry review and recommends an annual performance review for clergy. Information concerning mutual ministry reviews and the performance review process can be found on the diocesan website and trained congregational consultants are available to facilitate the mutual ministry review process.

Merit increases should be awarded based on these reviews and other market factors such as scope of position, length of service, and compensation relative to the average compensation within this diocese and surrounding dioceses.

## Determining Part-Time Compensation

It is expected that full-time clergy work approximately 50 hours in an average week. Compensation calculations for part-time clergy should be based on this average. For example, a half-time position would require 25 hours of work per week. Clergy, whether part-time or full-time, are acknowledged to be available for pastoral emergencies at all times.

Clergy working a minimum of 25 hours weekly are eligible for health and dental coverage consistent with full-time clergy.

## Establishing a Housing Allowance

A portion of each clergy person’s cash stipend may be designated by a Vestry or Executive Committee as a “housing allowance” in accordance with the Internal Revenue Code. The designation must be voted upon prior to payment and explicitly noted in the minutes of the meeting. The clergy person is solely responsible for tracking qualified housing expenditures and declaring any excess “housing allowance” as income. The maximum amount of “housing allowance” (excludable from taxable income) is the **lowest** of the following three amounts:

- the fair market rental value of the house (fully furnished)
- the actual amount spent to provide housing (including furnishings and utilities)
- the amount designated in the vestry designation

## Calculation of Social Security Offset for Clergy

Clergy are considered employees for income tax purposes (compensation reported on W-2) but are taxed as self-employed persons for Social Security purposes. This is called SECA, which is named for the Self-Employment Contributions Act. The Diocese of Newark mandates that clergy compensation be enhanced by an amount equal to 50% of the clergy person's estimated self-employment tax to compensate for this additional tax. It should be noted that this compensation enhancement is also considered taxable income. The example below outlines the calculation of the Social Security Offset.

Step 1	Calculate Total Self-Employment Income		
Salary	\$50,000.00		
Utility Expense	\$4,000.00		
Housing	\$24,000.00		*
Social Security Estimate	\$5,928.00		**
<b>Total Self-Employment Income</b>	<b>\$83,928.00</b>		
Step 2	Calculate Income Adjustment		
Total Self-Employment Income * .0765	<b>\$6,420.00</b>		
Step 3	Calculate Taxable Self-Employment Income		
Total Self-Employment Income – Income Adjustment	<b>\$77,508.00</b>		
Step 4	Calculate SECA Tax		
Taxable Self-Employment Income * 0.153 (15.3%)	<b>\$11,859.00</b>		
Step 5	Calculate Social Security Offset		
SECA Tax X 0.5 (50%)	<b>\$5,930.00</b>		

\* For clergy living in rectories or vicarages, housing value for IRS purposes is the FAIR MARKET RENTAL VALUE of the housing provided; otherwise, this is the cash housing supplement paid. To calculate the fair-market rental value of a property, you are well advised to contact a professional in real estate.

\*\* An initial estimate is to add current salary, utilities, and housing together and then multiply by .0765.

### Pension Assessment for Church Pension Fund

Clergy receiving cash housing allowance		Clergy in rectory or vicarage		
Cash Salary	\$50,000.00	Cash Salary	a)	\$50,000.00
Housing & Utility Allowance	\$28,000.00	Utility Expense	b)	\$4,000.00
Social Security Offset	\$5,930.00	Social Security Offset	c)	\$5,930.00
		*Housing "value" (a+b+c) x 0.3		\$17,979.00
		5% Housing Equity Allowance	d)	\$3,895.45
<b>Total Compensation</b>	<b>\$83,930.00</b>	<b>Total Compensation</b>		<b>\$81,804.45</b>
Pension Rate	18%	Pension Rate		18%
<b>Pension Assessment</b>	<b>\$15,107.40</b>	<b>Pension Assessment</b>		<b>\$14,724.80</b>

\*For pension purposes, the pensionable value of housing for those living in a rectory or vicarage is 30% of the total of cash salary, utilities, social security offset. This amount is then added to cash salary, utility, and social security offset as well as Housing Equity Allowance and any other cash compensation to determine Total Compensation. The Pension Assessment is 15% of Total Compensation.

\* Total Compensation is the assessable compensation reported to the Pension Fund and includes, but is not limited to cash salary, utilities, payments made to Social Security, and housing, either in the form of a housing allowance or, if a rectory is provided, as 30% of salary. Compensation also includes such items as contributions to individual retirement accounts, cash gifts to clergy and the payment of school fees for clergy children.
