

**JUSTICE PEACE AND RACIAL RECONCILIATION COMMISSION**  
**JUSTICE NEWS THE WEEK OF February 16, 2026**

**Urgent Actions of the Week:**

**Voting Rights** - The Episcopal Office of Government Ministries **calls on us to act to Safeguard our right to vote.** Last week, the U.S. House of Representatives passed S.1383, a Senate-passed bill that was amended with the text of the SAVE America Act. The SAVE America Act would require voters to present proof of citizenship when registering or reregistering to vote, adding significant challenges to the voter registration process. S.1383 now returns to the Senate with the SAVE America text. Now is the time to ensure it does not become law. Please contact your senators and ask them to oppose these new voter restrictions in S.1383. [Take Action](#)

**THE REALITY OF BLACK MATERNAL MORTALITY IN AMERICA**

Black women in the United States are three to four times more likely to die from pregnancy-related causes than white women and this disparity persists across income, education, and geography. This is the result of systemic racism, gaps in care, and policies that fail Black mothers and families. Join us to hear from experts who will explain what is driving this crisis and what real solutions look like. We'll explore how bias impacts treatment, the role of access and quality of care, and the urgent reforms needed to ensure safe pregnancies and births for Black women. [Register here](#)

**Beyond Red Flags: Rethinking Healthcare's Response to Human Trafficking**

*"People don't heal because we identify them, they heal when they feel safe."*

Many victims of trafficking, abuse, and violence are unable to self-identify or safely disclose what they are experiencing. Yet systems often rely on red flags, checklists, and direct questioning, placing the burden of disclosure on those least able to carry it. Presented by the **NJ Coalition Against Human Trafficking and HEAL Trafficking**, with funding from RWJ Barnabas Health, this survivor-informed webinar shifts the focus from identification to safety. Through lived experience and survivor perspective, participants will explore what helps people feel safer in moments of care and interaction, even when disclosure never happens. The conversation centers on language, environment, and responses that reduce harm, build trust, and open pathways to support. **This webinar is free to attend and open to all.** [REGISTER HERE](#)
